UNIT: PIECE, QUANTITY: 1                                                                                                                                                                                                                                                                                                                              |           |             |
|     |      | MICROPIPETTE, *OFFER: JOANLAB. *Volume range : 1-20uL. UNIT: PIECE, QUANTITY: 1                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |           |             |
|     |      | MICROPIPETTE, *OFFER: JOANLAB. *Volume range : 10-1000uL. UNIT: PIECE, QUANTITY: 2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |           |             |
|     |      | MULTI-TESTER VOLTMETER, *OFFER: HABOTEST/UNI-T. *Multifunction: Can accurately measure DC/AC voltage,DC current, *Resistance&Capacitance, diode, audible continuity, battery. *Test,Advantages: Manual range,data retention,automatic shutdown. *Function. *Working Temperature: 0 - 40, DC Voltage. *Range: 200mV/2V/20V/200V/1000V, C Voltage Range: *200mV/2V/20V/200V/700V, Resistance range: *200O/2kO/20kO/200kO/2MO/20MO/200MO, *Capacitance:20nF/200nF/2F/20F/200F,Low battery indication: *Yes, Overload protection: yes, Diode test: yes, Continuity buzzer test: *Yes, Power Supply: 9V Battery. UNIT: UNIT, QUANTITY: 2 |           |             |
|     |      | N-AMYLALCOHOL, *OFFER: Shzychem. *1L per bottle. UNIT: BOTTLE, QUANTITY: 1                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |           |             |
|     |      | NINHYDRIN, *reagent grade,5 per bottle UNIT: BOTTLE, QUANTITY: 2                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |           |             |
|     |      | OCTANOL, *2-octanol, 500ml per bottle UNIT: BOTTLE, QUANTITY: 4                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |           |             |
|     |      | ORCINOL, *OFFER: 10g. *Reagent grade. UNIT: PACK, QUANTITY: 1                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |           |             |
